## MISSION STATEMENT

Politz Hebrew Academy, founded in 1982, is dedicated to providing a quality Orthodox Jewish Day School education for grades Kindergarten through 8th.

We are a school rooted in the values and teachings of Torah. We are committed to helping our children achieve academic standards to the best of their abilities and to prepare them for life as productive and ethical members of society.

The academic, social, emotional, and spiritual well-being of each child is developed in a secure and encouraging environment so that each child will be able to meet challenges with faith, fortitude and intelligence for years to come.

## THE HISTORY OF POLITZ

In 1982, a few people sat together in a living room dreaming about the possibility of a new Jewish day school. With a major leap of faith in Hashem and in one another, the dream became a reality. Just a few months later, Hebrew Academy of Northeast Philadelphia opened its doors to 47 children. As each child entered, our hopes and dreams escalated.

There were many unique challenges those first few years. We were undaunted, for we knew that Hashem's Strong Hand was guiding us and allowing us to fulfill our mission.

We continued and continue to grow not only in numbers but in our programming, services to children and state-of-the-art methodology. Whether it is our STEM-based science lab, our sensory gym, or our on-site greenhouse, our children are presented with a Chinuch imbued with the holy teachings of our Torah.

At Politz Hebrew Academy, we believe the knowledge of the mind must be in synchrony with the actions of the heart.

Politz Hebrew Academy is housed on a 3.4-acre campus which houses a self-standing boys' building, a main building for kindergarten, resource services, a library, art room and science lab with an extended wing which is called "home" for our girls' division.

Our dedicated administration, faculty and staff work tirelessly to ensure the fulfillment of our mission. The efforts of our lay leadership cannot go unnoticed for their determination to create a fiscally strong bedrock on which our school can rest.

Celebrate with us 41 years of Hashem's Divine Providence in allowing a nascent school of 47 grow and become a fortress of Torah Chinuch to the children of Philadelphia and beyond.

זה היום עשה ד' נגילה ונשמחה בו – הלל

"This is the day that Hashem made; we will celebrate and rejoice in it."

DEAR FRIENDS,

It is with humble gratitude that I write this letter to you on the occasion of our 41st Annual Gala celebration. First and foremost, it is only because of the Providential chesed of Hashem that our school has achieved its remarkable milestones thus far.

Deep Hakoras Hatov must be expressed to our dinner hosts, Rabbi Tuvia and Mrs. Chani Goldstein, and all those who worked indefatigably on creating tonight's memorable event. The formation of our Leadership Committee is but one of the many testaments to the dedication of our parents to partner with us in our endeavors to provide a quality Torah Chinuch to every child. Our Board of Directors led by our President Mr. Ellie Miller seeks to create a school which will move into the future with a vision of strength and innovation. Last but not least, we are grateful to our Roshei Yeshiva for their guidance, wisdom, and support.

The theme of tonight's event is focused on the metaphor of bold bright colors and the "Art of the Heart." Art can be defined as "the expression of that which is beautiful or significant." Using this definition we can say that Rebbeim, Moros, and Teachers are quintessentially artists. Their goal is to transform the un-yet cultivated inner beauty of each child into portraits reflecting their unique charm and elegance.

CREATING MASTERPIECES, TOGETHER.

# THE ART OF THE HEART

The artist has a canvas upon which to paint his work; the teacher has the mind, the heart, and the soul upon which to create unique masterpieces unlike any other. The artist has a palette of colors from which he chooses his colors. The child brings his/her own palette of personality colors from which the teacher must choose. Some children are made of bold tones; some are made up of softer hues; while others have palettes composed of multi-tones and hues. The one defining quality they all have is that no two palettes are alike. Each teacher is tasked with the challenge to create individual masterpieces so that each child's magnificence is showcased.

For the artist as well as the teacher there is very little room for error. They look into the intrinsic significance of each of their "canvases" and deftly with great precision they paint a treasure for posterity. Tonight's Gala will give you an appreciation for the artists, their artistry, and the beautiful canvases that come to life. Thank you for joining us, and may we share tonight's beauty for many years to come.

Yours Truly,

Mrs. Katz

### **To Our Father,**

Your 21 years of Chinuch in Yeshivas Politz Hebrew Academy have left us with an everlasting impact. Your mission and vision were to ensure that the warmth and beauty of Torah would be imbued into each and every Talmid. Countless hours were spent handpicking Chosheva Rebbeim and Talmidei Chachamim that would bring out the potential of every student. Exciting new programs were launched to instill in every child a love for Torah and Yiddishkeit. Parents, Rabbeim and Talmidim knew that your office door was always open. They knew that you were just a phone call away when they needed advice on any matter. You founded the Mechanchim Kollel for the Rebbeim, which elevated the Kol Torah in the Northeast. You are a constant source of inspiration for us and the entire community.

### **To Our Dearest Mother,**

All this could not have been done without your encouragement and support. In your kitchen, many ideas were thought of, decisions were made, and programs were born. No one will ever forget your potato kugel and chocolate chip cookies which worked wonders in the classroom. A special Hakaras Hatov to **Mrs. Katz and the entire faculty** of Politz Hebrew Academy for all that they have done for all us. May you continue to be mechanech the next generation of Klal Yisroel.

Love,

## **Dear Mordechai and Rivky,**

Mazel Tov on this beautiful and well deserved honor. As you traveled the Northeast corridor of the United States and finally came full circle to Dorcas Street, we watched in awe as you raised your family, your shul, your community and your children's school to a level of Torah learning and integrity that is an inspiration to us all.

Having grown up in your shadow and benefited from watching the inspirational way you and Rivky raised your children and then raised up the children of Klal Yisroel through the local school, we had a wonderful role model. You and your family interact with every person as a unique individual who benefits the community as a whole. You treat each and every person you meet, regardless of age, background or religious affiliation with dignity and respect. Your straight forward approach of just doing without saying much is a true lesson to us all!

All your hard work, sacrifice and effort for Klal Yisroel is mirrored through each Talmid that passed through the halls of Politz.

We couldn't be prouder to call ourselves, your sister, brother in law and family.

***Love The Wolkenfeld Family***

Our very best wishes to

Dear **Mordechai and Rivky,**

We are so proud of both of you and the amazing accomplishments within Politz Hebrew Academy, your family and the Philadelphia community.

Mordechai, as the oldest in the family, you were the perfect role model for your younger siblings and Rivky was a perfect role model for the girls in the family.

The two of you eventually settled in Philadelphia, raising your family in such a beautiful Jewish community. We are sure that your dedication to your position as principal and your contribution to the Philadelphia community will continue to affect the future generations.

We wish you much Nachas from your beautiful families and a happy and fulfilling retirement.

Much love,
